

Bicker

Caity Baser

Why don't you just shut up? Why you so annoyin'?
When I get you wound up, secretly enjoy it
Like a little drama, comfortable is borin'
Why don't we just scream at each other again?
Let's forget the talkin', who can scream the loudest?
Throw away the logic, walk away the proudest
Lookin' for a problem, whoop, I think I found it
Why can't we just scream at each other again?

Plates are goin' everywhere
Chuck all your clothes down the stairs
Don't leave this time, I swear
We're a mess because we care

I like it when we fight, lie and we bicker
I like it when we don't talk for days
Then maybe one night, I'll decide to forgive you
Just so we can do it all over again
Baby, make me cry while we bicker
Say everything you ever wanted to say
Then make all of my tears fall into my dinner
Just so you can be there to wipe 'em away

I can't stand the sight of your face but don't leave the house
Because what we got, we can't replace with nobody else
When we fight, we kiss, make up and that is all that counts
We say we're done, but you'll come back to me unannounced

Yes, we are the perfect pair
Rip each other to a tear
'Cause there's somethin' in the air
We're a mess because we care

I like it when we fight, lie and we bicker
I like it when we don't talk for days
Then maybe one night, I'll decide to forgive you
Just so we can do it all over again
Baby, make me cry while we bicker
Say everything you ever wanted to say
Then make all of my tears fall into my dinner
Just so you can be there to wipe 'em away

I lose my voice but I don't care
You're opinionated and so unfair
You don't say anything
You just stare, oh, yeah
I left out a key so you can't get home
'Cause I know you won't be pickin' up your phone
But I don't wanna sleep alone, oh, no, oh-oh

I like it when we fight, lie and we bicker
I like it when we don't talk for days
Then maybe one night, I'll decide to forgive you
Just so we can do it all over again
Baby, make me cry while we bicker
Say everything you ever wanted to say
Then make all of my tears fall into my dinner

Just so you can be there to wipe 'em away
