

# Drank Me Dry

Caity Baser

Sitting in the front to feel the breeze  
Said take me somewhere that I've never been  
So we drive and drive until we're by the sea  
I wish I had've got out then and swam away  
What a waste of time and energy  
I wore your shirt with my heart on your sleeve  
But you tore it off to see what's underneath  
I wish I had've got out then and run away

I called you up when I was down  
You picked a glass and poured me out  
And then you brought me down to my knees

You drank me dry  
Sipping on me just to get high  
Your greedy lips all over mine  
That look of power in your eyes  
It's sad you could have had it all  
What a surprise  
You don't remember crossing the line  
Are you out of your mind  
To be the fool that drank me dry

I gave you the opportunity  
Once and twice and three times, come on, please  
I felt myself almost give you your needs  
I didn't wanna go there again  
I miss when we were friends

And I'd call you up when I was down  
You picked a glass and poured me out  
And then you brought me down to my knees

You drank me dry  
Sipping on me just to get high  
Your greedy lips all over mine  
That look of power in your eyes  
It's sad you could have had it all  
What a surprise  
You don't remember crossing the line  
You must be out of your mind  
To be the fool that drank me dry

It's sad you could have had it all  
What a surprise  
You don't remember crossing the line  
Are you out of your mind  
To be the fool that drank me dry  
Are you out of your mind  
To be the fool that drank me dry
