

Slut Shaming

Caity Baser

People love slut shaming
They're salty cause you're so amazing
Honestly it's so degrading
Listening to what you're saying
Always calling people out
Behind a screen is the only time you shout
But to my face you don't know what I'm going on about
You were pretty loud then, how come you're quiet now

Why's it always
You're a slut, you're a whore
You're a slag, you're a bore
Don't give enough, they want more
Give too much, they're unsure
Don't give enough, they want more
Give too much, they're unsure
On what you're really doing this for

I can do what I want
And that will never stop
It's my body and I own every bit of it
If it's your body you can do what you want with it
Do what you want
Don't ever stop
It's my body and I own every bit of it
If it's your body you can do what you want with it

No wonder they're not even jogging
They're still mad cause you're show-stopping
Putting you down through No Caller ID calling
Hoping you'll hang up and you'll be bawling
I know words hurt, trust me
Your success will hurt worse
They'll hate to see you doing good and shining
Cause how could someone like you be up this high and

Why's it always
You're a slut, you're a whore
You're a slag, you're a bore
Don't give enough, they want more
Give too much, they're unsure
Don't give enough, they want more
Give too much, they're unsure
On what you're really doing this for

I can do what I want
And that will never stop
It's my body and I own every bit of it
If it's your body you can do what you want with it
Do what you want
Don't ever stop
It's my body and I own every bit of it
If it's your body you can do what you want with it

I can do what I want
And that will never stop
It's my body and I own every bit of it

If it's your body you can do what you want with it
Do what you want
Don't ever stop
It's my body and I own every bit of it
If it's your body you can do what you want with it

I can do what I want
And that will never stop
It's my body and I own every bit of it
If it's your body you can do what you want with it
Do what you want
Don't ever stop
It's my body and I own every bit of it
If it's your body you can do what you want with it
