

Time Falls

Cajun Dance Party

Time, it falls it falls it falls and i'm wondering what for,
New and new and new and new, it's what's round the door,
it's time, it's time, it's time,
it's time to be small,

Day comes and i'm wondering, i'm wondering what for,
Day comes and i spin round and my thoughts saw,

Stall stall, i'm stalling, i'm stalling,
More more, always grasping for that one bit more,
Blue day comes, and i need this, i need this.

Fine are you fine? you don't look very fine, your face has gone
askew!
you've been tackling the wilderbeast and i swear it's not you!
it's time, it's time, it's time,
it's time that's brought you down,

Day comes and i'm wondering, i'm wondering what for,
Day comes and i spin round and my thoughts saw,

Fall fall, i'm falling, i'm falling,
Fall fall, i fall down, do i break ground?
Blue day comes and i need this, i need this
