Cake Pop

Oh, I've got a question or two
Oh, I think that I have answers for you
Oh, I wish that I weren't dancing for two
At a table for one
While I'm waiting for you
Hold me back now
It's easier to keep me down
Keep me down
Hold me back now
It's easier to be around
To be around

Watch as I go
Towards the ceiling
Hit the fan
And I fall
Right back into my hands
And I know
That it isn't fair
No, it isn't fair
No, it isn't fair
And if you think that I care
Well I don't
And I know
That you think that I'm silly
And it shows
In everything that you do to me
You do to me

But you've got what I need
And I know
That I don't need to be so alone
But I've been freaking out
I'm freaking out
I'm freaking out
I'm freaking out
