

Hold You (Responsible)

Cake

I'm gonna hold you
I wanna hold you

Responsible
For all the problems in the world
When the trumpet blows your warning
But there ain't nobody listening

Gonna hold you (hold you, hold you)
I wanna hold you (hold you)

Hold you responsible
Because you're so over budget
You are holding us ransom
You are waiting for a bail-out

Gonna hold you (hold you, hold you)
I'm gonna hold you (hold you)

Hey, Hey

I wanna hold you (hold you, hold you)
I'm gonna hold you (hold you)

And the diamonds they sparkle
In your eyes they will glisten
And the truth it looks so ugly
But you wanna get married

Gonna hold you (hold you, hold you)
I'm gonna hold you (hold you)

Responsible
For all the problems in the world
When the children keep coming
But there ain't no solution

Gonna hold you (hold you, hold you)
I wanna hold you (hold you)

Hey, hey, hey
