

Born With a Scorpion's Touch

Calabrese

Oh, when you're in the light,
You look like an animal caged tight, dead life.
I feel the end, I feel the one.
I feel the hammer crush down on your world.
I'm going down, down, down, oh, yeah.

Killer heart in the wasteland,
Diamond eyes, I'm a maelstrom.
You're the only one to love.
It's the only way to know.
I'm born with a scorpion's touch.

True danger of females,
The jealous whip of the Devil's tail,
Emerald's kiss on a broken heart,
She was violent from the start,
A hellcat in a miniskirt.

Killer heart in the wasteland,
Diamond eyes, I'm a maelstrom.
You're the only one to love.
It's the only way to know.
I'm born with a scorpion's touch.

I'm born with an endless love,
Killer heart in the wasteland.
I'm born with a scorpion,
Killer heart in the wasteland.

Killer heart in the wasteland,
Diamond eyes, I'm a maelstrom.
You're the only one to love.
It's the only way to know.
I'm born with a scorpion's touch.
