

# Mindwarp

Calabrese

Death comes in many forms.  
Through one door they found our world.  
Oh, no.  
The laughin' chatterin' begins.  
The choir of madness sings.

Laughin' 'til I'm screamin' at the world,  
Fallin' to my hands,  
Shotgun blasts to end the psycho scene,  
Fallin' to my hands.

All of my friends are dead.  
Severed limbs spray the walls with red.  
Oh, yeah.  
I'm gonna spit blood right in your face.  
I'm gonna kill you right in this place.

Laughin' 'til I'm screamin' at the world,  
Fallin' to my hands,  
Shotgun blasts to end the psycho scene,  
Fallin' to my hands.

Satan is here.  
Satan is here.  
Satan is, Satan is,  
Satan is here.

Laughin' 'til I'm screamin' at the world,  
Fallin' to my hands,  
Shotgun blasts to end the psycho scene,  
Fallin' to my hands.
