

Yeah, yeah, oh
Yeah, oh
JTK
Yeah, yeah, oh
Hey, hey

I know lil' shawty tell me lies, she don't love me (She don't love me)
I might just pour another line, I'm fast asleep (I'm fast asleep)
Stay back, stay back, I usually hurt what's attached to me, yeah (Attached to me)
I been killed before, they placed that knife in the back of me, yeah (Back of me)
Niggas mad 'cause they see that I'm ballin'
On the block from the night to the morning
Niggas foul 'cause they see that I'm scorin'
New bitch, pretty thing, too gorgeous
Want this life, what you willin' to do for it?
I got niggas that's willin' to shoot for it
I just pray that a nigga just shoot for it
You was talkin' real big, now you forest

I'ma hop in that foreign and shoot for it
Got her name on my gun and you on it
I might blow out his brains and keep goin'
Like the circle of life, I keep goin'
I been goin' through life and these motions
Tell that witch I want ice in my potion
Tell my bitch I'm gon' try to keep focused
Every night, I just cry 'cause I'm broken
Say I don't get tired, nigga been up straight for like four days
Fell in love with designer, got on Alexander and Dolce
If a nigga wanna slide, tell a nigga go'n slide, killers don't play
On the grind every night, on the road, doin' shows, me and more bags
I been reachin' to the stars, end up givin' my heart
Got some pain in my heart, yeah, I just popped another bar
Had my back against the wall, tell me, who could I call?
Niggas know that I ball, spend a ten in the mall, yeah
I was taught to add it up, tryna find the difference, yeah
I was tryna find the sun
14, 15, you was on the playground, you was havin' fun
14, 15, we was on the block, I was totin' on a gun
I was rollin' off the drugs, steady makin' niggas run
I been losin' it, but I can't lose it all
Disrespect my squad, I might shoot at y'all
I been through the rain, I been through it all
Try to bring me down, but I can never fall

I know lil' shawty tell me lies, she don't love me (She don't love me)
I might just pour another line, I'm fast asleep (I'm fast asleep)
Stay back, stay back, I usually hurt what's attached to me, yeah (Attached to me)
