Step out the Benz, it's gon' cost you  
Shawty done lost it, my bitch from Austin  
I'm at the table with bosses  
My oppas be broken, get caught when they walkin' (Uh)  
Shawty ain't say too much, white chalk 'em  
You know ain't no pressure, he do this shit often (Go)  
I mean, why I sip syrup? 'Cause bitch, I be coughin'  
I'm fresh to death like I jumped out a coffin (Ayy)  
I'm in all black like a bandit  
My shawty gon' pop out with Draco, and he get to fannin'  
He gon' do damage  
I love the gang, they cold like the Mansons  
Shawty do love how these diamonds be dancin'  
She love me now 'cause I'm rich and I'm handsome (Yeah, yeah)  
I got some problems, I stay to myself  
I get to geekin', might tweak out at random (Ayy)

Heard he was hot on the block, but he was a opp, we blew out his candle light  
Shawty was lookin' like, "Okay," took me a shot, and shawty looked kinda nice  
Bitch, I grew up on the C, I don't fuck with no pigs, it's deeper than black and white  
I used to sleep on the floor, was movin' too slow, I'm livin' a faster life  
Nigga wanna play my name, wanna tweak my game, bet a fuck nigga gon' get touched  
Jakes wanna jump in my lane, I'ma do my thing, shawty, I ain't tryna feel no cuffs  
I could be lit like a kickstand, shawty, you tweakin', I still won't spill my cup  
He talk on the net, but he still gon' duck  
I might be on your side, you still won't bust

Okay, I'm in the trap, it's a snow day  
I know a thing 'bout the snowfall, I been on go, ain't no breaks  
Still marathon, ain't no race  
I'm sippin' 'Vión, ain't no chase  
Bitch, I'm back in that Bentley with road rage  
Bitch, I'm back in the city with both K's, duh

Been with that money, that lil' nigga know  
Ain't had nobody, I did it myself  
Ain't give her molly, she did it herself  
Keep a whole lotta guns, whole lotta drugs  
That's a whole lotta power, whole lotta wealth  
That's a whole lotta money to put on the shelf  
That's a whole lotta water, I'm feelin' like Phelps  
Bitch, I'm attacked, shoot it at scene  
Whole lotta racks, they bust out the jeans  
This shit ain't half the shit that it seems  
Bro steady slidin', got a stick with a beam  
Ayy, my neck and wrist be frozen  
Sometimes I lose focus  
They said I was chosen  
Twin pulled up and smoked him
