

Creep Show

CalBoy

I can't show no love to no freak bitch
I can't give no energy to no sneak diss uh-uh
All this water on me got me seasick
I've been late night lurking on that creep shit
I'm a trapaholic I get lots of money
You fool me once can't fool me twice no momma ain't raise no du
mmy
I took her home gave her some percosex I'm in her tummy
We catch him lacking wrap him up just like a fucking mummy

Watch a young - score like free-throw
In the trap tryna make my M's steady looking through the peephole
On the block with the weirdo gang baby welcome to the creep show
You ain't talking bout no green fuck you like CeeLo
I just been rolling the dice but I don't play Cee-lo
I pull up and they tuck in they chains got me feeling like Deeb
O

In the streets I got the cheat code
On the block I got a [?]
Oh my God you thought you had one, I got that bitch in my sheets though
I hit it once and delete hoe
I need the zeros
Won't save that bitch I'm not a hero
I gotta stick to the G code
Baby I'm back in my beastmode
Your life it come with a price for real, my shorty gon kill him
for free though
You better duck when that heat blow

I can't show no love to no freak bitch
I can't give no energy to no sneak diss uh-uh
All this water on me got me seasick
I've been late night lurking on that creep shit
I'm a trapaholic I get lots of money
You fool me once can't fool me twice no momma ain't raise no du
