

## Gazel De Blanco

CalBoy

If I ever get locked down, and I lost it all, would you ride for me? (Ride for me)  
If I'm down bad, and they caught me cornered, would you slide for me? (Slide for me)  
Couple hundred thousand for this Phantom, I'ma do the dash on you (Dash on you)  
Used to trap hard, in the bando, had a couple pads on you  
Knew I had to spazz on 'em  
Knew I had to spazz on 'em (Knew I had to spazz on 'em)  
Get it for the guys, we was so naz, ducking from the 5-0 (Ducking from the 5-0)  
We committing crimes, would you still be mine if you know what I know? (If you know what I know)  
Even through this time, never leave my side, my Griselda Blanco

I'm like "hey, what's up, hello", she my trap queen  
Used to post up at the store while we trapping  
Opposition want the smoke, let the MAC sing  
Let that big ol' Draco go, try attack me  
He on Forrest Gump, it's a track meet  
I took down the plug, tried to tax me  
Folk gon' load up cans shoot out black beans  
Trapping with my shawty, make me happy  
Spot him lacking, hope he got an ID  
From that wild, wild, wild, try me  
Two Glocks on my side, Siamese  
Real exotic, got me looking Chinese  
Feel like Neutron, got a blast, high speed  
You ain't gang, you should get from by me  
You gon' rob me? Boy, I doubt it highly  
I ain't playing fry that boy up
