

My Momma

CalBoy

My momma said (My momma said)
My momma said (My momma said)
My momma said yeah
My momma said (My momma said)
My momma said (My momma said)

My momma said call me from the streets, I'll come on but I run
the town (I run the town)
And for my guys, Ima ride 2 thousand miles (2 thousand miles)
You can hit my jack, if you want that pack, Ima send him pounds
(Send him pounds)
Before a nigga lack, Ima hit his back, watch him make it to the
ground (For them pounds)
I wanted a homicide but I promise I ain't making no sound (I ai
n't making no sound)
For this wack, stay inside, I hunt you down (I hunt you down)
You cannot slide up on my side, I gun you down (I gun you down)
Before a nigga hide, on my guys, you can't get found

Niggas know that we t'd up
Niggas know that I'm b'd up
Niggas know that I'm p'd up
And I drip for no reason
Bitches change like the season
Niggas change like the season
Nigga give me a reason
Disrespect and I'm squeezing
I was fighting some demons
Need to talk to the deacon
Niggas was barely sleeping
Niggas never believed us
I seen a homicide and before they ask, I ain't seen nun
She say she felt in love before, that word don't mean nun
I fucked around the pole before, that shit making me numb
I fucked around the pole too long, ain't catching no fever
I told that nigga to pipe down
Before this bitch heat up
I got my pipe in me right now
One shot and then he done

My momma said call me from the streets, I'll come on but I run
the town (I run the town)
And for my guys, Ima ride 2 thousand miles (2 thousand miles)
