

# Sunshine

CalBoy

I want change up on the gang  
So no ma been feeling pain  
Mama said sunshine through that rain  
The ops they know we shootin' make it rain  
Mob ties ain't no one on ones  
Wild boys we tolt hella guns  
Niggas know the see me better run  
Trapaholic we get all the funds

Thinking, thinking bout them days  
I been drinking ease away the pain  
In the deep end watch me fade away  
I got demons they cant take away  
They said take a break, no way  
I been stuck in my ways, trynin' to get paid  
Run up got a new chop and I'm gone spray  
Run got a new mop, like a maid

I want change up on the gang  
So no ma been feelin' pain  
Mama said sunshine through that rain  
The ops they know we shootin' make it rain  
Mob ties ain't no one on ones  
Wild boys we tolt hella guns  
Niggas know the see me better run  
Trapaholic we get all the funds

Boom, boom we gone clear the room  
Long clips movie coming soon  
She diggin' my fashion told her get in tune  
The foreign is fast it goes zoom zoom zoom

I want change up on the gang  
So no ma been feeling pain  
Mama said sunshine through that rain  
The ops they know we shootin' make it rain
