So I threw a couple thousand on the way though

I've been crossed, but I swear I ain't break though
Started from the bottom broke as fuck, then a nigga got rich
Swear to God, it ain't take long
Fixed a broken heart with a bandage, I grew up 'round savages
All black like bandits, you don't know half of it
I swear we still cause havoc, tote blicks in traffic
My heart's been damaged, can't tell you that it haven't
