CalBoy

No sir, no sir
(In my lungs)
Ay, ay

No sir, no sir (No sir)
Niggas got sticks, niggas got drums (Got drums)
If they say they want war (Want war)
Niggas die in the summertime
Right around wherever I'm from (I'm from)
I got kush in my lungs
Lurkin' when the night come

I swear to God, they don't worry us
I swear these niggas don't worry us
I'm sorry momma, I worried ya
I'm sorry momma, I worried ya
We ran through the night like the warrior (Night)
Keep the steel around me like a warrior
Boy you best grab a vest like a warrior
Wanna put me to rest like a warrior
Like a warrior

Get high, Mac and Devin
Prayin' for a blessin'
Semi-automatic, bro got Mac 11's
I might die at war, [?] with a .7
With the shit I did, hope I go to heaven
Karma is a bitch, but I learned my lesson
We was in the shit, totin' lethal weapons
Talking get him hit, it won't take a second
All this sinnin' shit, ain't shit ever happen

Hold up, hold up hold up hold up
We ran the street so they know us (Ay)
We hit your block and it tore up (Ay)
You finna see how it go up (Ay)
You finna see how it go up (Ay)
'Cause I've had that pressure on me (Ay)
I feel that pressure on me (Ay)
So I keep a weapon on me

No... no... no sir, no sir
Niggas got sticks, niggas got drums
If they say they want war
Niggas die in the summertime
Right around wherever I'm from
I got kush in my lungs
Lurkin' when the night come

I swear to God, they don't worry us
I swear these niggas don't worry us
I'm sorry momma, I worried ya
I'm sorry momma, I worried ya
We ran through the night like the warrior
Keep the steel around me like a warrior
Boy you best grab a vest like a warrior
Wanna put me to rest like a warrior
