

## XXL Freshman 2020 - CalBoy Freestyle

CalBoy

Most days I just sit around thinkin' 'bout this life  
Pray to the Lord 'cause a nigga know I ain't livin' right  
And I know one thing, give this for my dawg, I ain't thinkin' twice  
And I know one thing, give this in the dark 'cause I'm callin' light  
And I know one thing, all my niggas dawgs, they be through the night  
Better know one thing, if you ever talk, we're gon' take your life  
And I know some things, it's the way it go, it's the way of life  
You know I been holdin' tight, you know I ain't foldin' right  
'Cause she said she love me, I know she lyin'  
I'm from the 'Raq where niggas be dyin'  
And when they be mad, I shine like a diamond  
He want me dead I told him to try it, yeah  
The baby be quiet, I keep it G, I'm movin' it silent  
I see some things in there made me violent  
She broke my heart and it made me violent, yeah
