

## Current Situation

Cale Dodds

Yeah, our current situation's  
Be right on the beach  
Getting day-drunk, laid-up  
With beachin' on repeat  
Yeah, them boat boys are coastin'  
Them girls are flamingo floatin'  
Yeah, there's nowhere that we'd rather be  
Then our current situation

We all got that one friend  
That should have rubbed in  
A little more coppertone  
Then there's that one guy  
That drank last night  
And he went and lost his phone

We know that come Monday morning that we gonna be hurtin'  
But we all know it's all gonna be worth it

Yeah, our current situation's  
Be right on the beach  
Getting day-drunk, laid-up  
With beachin' on repeat  
Yeah, them boat boys are coastin'  
Them girls are flamingo floatin'  
Yeah, there's nowhere that we'd rather be  
Then our current situation

And our friend been broke his ray bands  
Doing handstands for the ladies  
And our friend Steve found a little green  
Now we're higher than Willie in the 80's

There ain't enough pedialyte  
For the miller lights we been killing all weekend long

Yeah, our current situation's  
Be right on the beach  
Getting day-drunk, laid-up  
With beachin' on repeat  
Yeah, them boat boys are coastin'  
Them girls are flamingo floatin'
