Doin' It Right

Cale Dodds

I know it ain't my business
And you probably won't admit this
But that guy that you been with, ain't giving you attention
If you were my girl, I would show you what you're missing

I ain't tryna start nothing
But I think we could start something
What I don't understand is he's acting like a boy
When you say you want man, so baby, what's the point

If he ain't trying take you out spin you around show you off
Somewhere down town with ya in the spotlight
If he ain't saying, damn, baby, what ya say we slip into nothing
If he ain't loving you all night

Girl, he ain't doin' it, doin' it, doin' it right
He ain't doin' it, doin' it right

If I were him I'd be obsessed with you
I keep you high up on that pedestal
Take you to church like we in Sunday school, girl, that's true
I do everything he doesn't do

If he ain't trying take you out spin you around show you off
Somewhere down town with ya in the spotlight
If he ain't saying, damn, baby, what ya say we slip into nothing
If he ain't loving you all night

Girl, he ain't doin' it, doin' it, doin' it right
He ain't doin' it, doin' it right
Girl, I could be doin' it, doin' it, doin' it right
I could be doin' it, doin' it right

I get it, I get it, you know that boy don't get it
You say you like his truck, but you don't like him sitting in it
I know it, you show it, you know that I've been real
If you want Mr. Right to do it right, I will

If he ain't trying take you out spin you around show you off
Somewhere down town with ya in the spotlight
If he ain't saying, damn, baby, what ya say we slip into nothing
If he ain't loving you all night

If he ain't gonna try to be what ya need, make you weak in the knees
Showing you what heavens like
If he ain't trying to hang around locking it down like he ain't
Doin' right now, baby, I wouldn't mind

Cause girl, he ain't doin it, doin' it, doin' it right
He ain't doin' it, doin' it right
Girl, I could be doin' it, doin' it, doin' it right
I could be doin' it, doin' it right
