

Never No

Cale Dodds

We could keep it low key never leave this house
Spend the whole night tangled on this couch
Or you could walk in that party dress and that's a party yes

We could go and grab a table on the patio
That swanky little spot that you love to go
Or find a cheap mex-margarita that's a si señorita

Hey hey hey, if you looking for a green light
You ain't ever gotta ask me twice
If you wanna go
It's always a yes girl, never no
Hey hey hey, I ain't ever gonna turn ya down
Always up for what ya all about
Before you even say so
It's always a yes girl, never no

Always a yes girl, never no
Always a yes girl, never no
Sitting on G and waiting on O
It's always a yes girl, never no

We could take a ride slow roll round town
Park out by water and watch the sun go down
If you wanna slip something off on the floor board
That's a big 10-4

Hey hey hey, if you looking for a green light
You ain't ever gotta ask me twice
If you wanna go
It's always a yes girl, never no
Hey hey hey, I ain't ever gonna turn ya down
Always up for what ya all about
Before you even say so
It's always a yes girl, never no

Always a yes girl, never no
Always a yes girl, never no
Sitting on G and waiting on O
It's always a yes girl, never no

Hey hey hey, if you looking for a green light
You ain't ever gotta ask me twice
If you wanna go
It's always a yes girl, never no
Hey hey hey, I ain't ever gonna turn ya down
Always up for what ya all about
Before you even say so
It's always a yes girl, never no

Always a yes girl, never no
Always a yes girl, never no
Sitting on G and waiting on O
It's always a yes girl, never no
