

# Say Yes

Cale Dodds

I've never been the type to tell you how I feel inside  
The way your lookin' tonight girl I gotta say somethin'  
I know it ain't been long  
I hope this don't come out all wrong  
You're where I belong  
And everything I've wanted

Say Yes  
Well Baby don't think don't second guess  
Say Yes  
Well I ain't gonna settle for nothing less  
Go on girl and call your moma  
That look in your eyes says I know you wanna  
Say Yes  
'Cause I can see you in a wedding dress

Baby close your eyes  
And picture me right by your side  
Everyday and every night  
For the rest of your life

Say Yes  
Well Baby don't think don't second guess  
Say Yes  
Well I ain't gonna settle for nothing less  
Go on girl and call your moma  
That look in your eyes says I know you wanna  
Say Yes  
'Cause I can see you in a wedding dress

Go on call the preacher baby  
No girl don't keep me waitin'

Say Yes  
Girl Cumon Say Yes

Say Yes  
Well Baby don't think don't second guess  
Say Yes  
Well I ain't gonna settle for nothing less  
Go on girl and call your moma  
That look in your eyes says I know you wanna  
Say Yes  
I can see you in a wedding dress

Baby just say yes  
Don't keep waitin'  
Baby just say yes
