You told me last night was the last time  
How many times you gon' say that?  
How many times we gon' play back?  
You tried to spin the wheel everynight, tryna figure out your life  
'Til you figure out you not pass yet  
How many times you gon' drive home in the rain?  
How many times he gon' tell you that he changed?  
How many times you gon' go through the pain  
If it don't make sense, then you can't make change

How you gon' always blame you?  
How you gon' blame somebody that don't ever come through?  
First red flag, then two  
Can't see none when you're so, so tied, like shoes  
Now you can't see who who  
Now you can't see what's what  
He told you he was down  
Now you can't tell what's up  
How you gon' figure out love when you're all by yourself  
But you still got Someone to call on  
When you trip, you got someone to fall on

You need to ask the Lord for help  
'Cause you can't do it all by yourself  
'Cause you can't do it all by yourself  
You need to ask the Lord for help, for help  
For help, for help  
You need to-, you need to-

It's time to turn our page  
He fed you lies, you stay  
But either he will change, but it all stayed the same  
He to dreams you've never seen, it's been five years now  
You'll drown in tears, I know you've seen that you're always going down  
But it's time to face the truth, you can't erase  
I know you think you're too far gone, but girl, it's never too late  
You'll be okay, He'll make a way

You need to ask the Lord for help  
'Cause you can't do it all by yourself  
'Cause you can't do it all by yourself  
You need to ask the Lord for help, for help  
For help, for help, for help  
You need to-, you need to-

How you gon' always blame you?  
How you gon' blame somebody that don't ever come through? (Ha-a~)  
First red flag, then two (Ha-a~, ha-a~)  
Can't see none when you're so, so tied, like shoes (Ha-a~)  
Now you can't see who who (Now you can't see two two)  
Now you can't see what's what  
He told you he was down  
Now you can't tell what's up  
How you gon' figure out love when you're all by yourself

But you still got Someone to call on  
When you trip, you got someone to fall on

You need to ask the Lord for help  
But you can't do it all by yourself  
But you can't do it all by yourself  
You need to ask the Lord for help
