

Christmas In Eden

Caleb Gordon

We havin' Christmas in Eden (I'm up in Eden!)
This is the season (Hey!)
Celebrate the Man that sustain, yeah
'Cause He the reason
I know we all had a tough year, yeah
And it wan't easy
We the ones spreadin' the real love, yeah
To all the people
We havin' Christmas in Eden (I'm up in Eden!)
This is the season (Hey!)
Celebrate the Man that sustain, yeah
'Cause He the reason
I know we all had a tough year, yeah
And it wan't easy
We the ones spreadin' the real love, yeah
To all the people

I pop out double G on Christmas Evening
Gotta call up Caleb to see where the Christmas party at up in Eden
Like, it's gon' always be a harvest when I plant the seed in
Really hate the winter, so I throw on my trench coat every time I'm freezin'
Man, this world anemic (Yeah!)
Jingle bell, jingle bell, jingle bell rock (Rock)
Living well, living well, yeah, we on top (Top)
Open my Christmas presents right up, then I'm gettin' my praise on (What up?
)
Soon as I walk in the Christmas party, I'm throwin' my shades on (Oh, yeah)

We havin' Christmas in Eden (I'm up in Eden!)
This is the season (Hey!)
Celebrate the Man that sustain, yeah
'Cause He the reason
I know we all had a tough year, yeah
And it wan't easy
We the ones spreadin' the real love, yeah
To all the people
We havin' Christmas in Eden (I'm up in Eden!)
This is the season (Hey!)
Celebrate the Man that sustain, yeah
'Cause He the reason
I know we all had a tough year, yeah
And it wan't easy
We the ones spreadin' the real love, yeah
To all the people

Oh-oh, ayy, 2000, E-S-T
Yeah, O-C-O-E-E
Y'all ready?
Ayy, let's get it, ayy
We havin' our Christmas in Eden
I'm flexin' my Spirit, they all wanna hear it
They askin' me what am I eatin'
I'm planted and rooted in this
If you Google me, you'll probably think I was vegan
Why? 'Cause I come out the ground like a vegetable (Uh)
And I came a long way from them edibles
And now everything I spit is medical

Right, I used to be gone like the medical
Now I'm just gone on a mission
They ask where I went, tell 'em I just went fishin'
I do this for my dawgs, they don't know why they exist
I'm pointin' 'em straight to the scriptures
They eatin' it up like it's chicken
We see the devil, then we get to kickin' like
No, you can't have my thoughts! can't have my soul!
Lil' boy, you lost! (Caleb, chill!)
No, y'know I'ma stomp
Foot on his neck 'til my shoe come off!
And I'm takin' back everything that I lost!
Get outta my mind, I'ma wipe you off! Phew!
My bad y'all had to see that
I had to remind him so he know where he at
Enemy tried to get me to fall into sin
But I had to go ahead and beat that
My bad and we talkin' 'bout Christmas?
Well, let's talk 'bout the gift that I got from the King
Every day I wake up and I see a new thing
It's a brand new day, that's a reason to sing

Jingle bell, jingle bell, jingle bell rock
Living well, living well, yeah, we on top
Jingle bell, jingle bell, jingle bell rock
Living well, living well, yeah, we on top
