

# Fall Down

Caleb Gordon

Fall down  
Aye, for Your love, I go all out  
I meditate on Your Word, help me calm down  
I trust in You, and I just let me guard down  
I can't afford what You paid for me  
Aye, through it all, you patiently wait for me  
Empty heart, you fill my vacancy  
You show me who I was made to be  
Like rain, let Your glory fall down on me  
Yeah, fall down  
Yeah, fall down  
Yeah, fall down  
Like rain, let Your glory fall down on me

Aye, fall down, watch me pick up  
You my anchor, You my healer  
I don't do drugs, but You my dealer  
No, there ain't nobody realer  
You love me even though I'm a sinner  
I'm only here to make You bigger  
For You I die, for You I'm livin', ah  
Remember when I was just stuck in the middle  
Solved my case, solved my riddle  
I seek Your face, aye, diddle-diddle  
Don't wanna play, You not a fiddle  
Aye, but You got me over the moon, uh, yeah  
So many options  
But You the One I choose, yeah  
You the One, not two, yeah  
You, You changed my view  
When my world looked so blue  
You put the enemy under my shoe  
I'm never thirstin', I'm runnin' with You  
I know the days that we live in is crude, aye  
But trust You to make it through

Aye, fall down  
Aye, for Your love, I go all out  
I meditate on Your Word, help me calm down  
I trust in You, and I just let me guard down  
I can't afford what You paid for me  
Aye, through it all, you patiently wait for me  
Empty heart, you fill my vacancy  
You show me who I was made to be  
Like rain, let Your glory fall down on me  
Fall down  
Yeah, fall down  
Fall down  
Like rain, let Your glory fall down on me
