

Feeling It Now

Caleb Gordon

Ayy, 2000, E-S-T
That's that O-C-O-E-E
Yeah

You came and saved me from my drama
I couldn't figure it out
They tryna flex and talk 'bout commas
I'm tryna kneel at the crown
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now

You went and saved me from me
I was so down bad where it got ugly
Ha, jump on the beat just like bungee
I'm in that water like Crocodile Dundee
I keep the Helmet of Salvation on the road, it get bumpy
Needed Your Word just like starvation out in a third world country
I done went Good Will Hunting
Bro, we're at thirty-two outs, I'm bunting
Culture ain't get that bar, if one of my dogs come home, that's something
This life like Pixar, I drive this car until I'm rusty
If life like a highway 'til I fly away, keep that engine humming

You came and saved me from my drama
I couldn't figure it out
They tryna flex and talk 'bout commas
I'm tryna kneel at the crown
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now

You went and saved me from me
I was so down bad where it got ugly
Ha, I thought I was livin', I really was dead in my sin like a black ops zombie
If you don't walk like Christ or talk like Christ, you is not my homie
I gotta walk by faith, can't walk by sight, I am not no dummy
Remember back then I was bummy, ha
I ain't think nobody loved me, ha
When I was by myself, I'd tell myself that no one coming
You had me fly myself, you won't wait until my world is sunny
Uh, showed me there's more to life than cars, clothes, drugs, and money

You came and saved me from my drama
I couldn't figure it out
They tryna flex and talk 'bout commas
I'm tryna kneel at the crown
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now

Ha-ha, can't believe You saved me from that (Like wow!)
Can't believe you saved me from that (Like what?)

Can't believe you saved me from that (Like what?)
Saved me from that, saved me from that, yeah

You came and saved me from my drama
I couldn't figure it out
They tryna flex and talk 'bout commas
I'm tryna kneel at the crown
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now
They wasn't feelin' the sound
Now they hands up 'cause they feelin' it now
