Ayy, 2000, E-S-T
This that O-C-O-E-E
(Turn it up!)
Yeah, yeah
(Are you ready?)
Yeah, ayy

Remember I used to be geeked (Yeah)
I wasn't feeling complete (Yeah)
Now I just throw up a prayer (Yeah)
That's what be giving me peace
I had to cut off the hate and the lie
Control, alt, delete
Just like the sun when it's ready to rise
You can't stop the fire!

Uh, you can't stop the beat
You rock with the Rock then you rock with me
I had to stop deceit
It took my joy and didn't give me receipts
I had to learn about love
I read it in Hebrew, I read it in Greek
And what I discovered is love got nothing to do with being in sheets (Fire!)
I had to face defeat
Lord, I need Your grace in me
You don't got order inside of your house, then don't try to preach to me (Uh)
I know the Priest in me
Until the day that I cease to be
Starting today, I ain't saying, "On God"
I'm saying, "Jeez, Louise"

Remember I used to be geeked (Yeah)
I wasn't feeling complete (Yeah)
Now I just throw up a prayer (Yeah)
That's what be giving me peace
I had to cut off the hate and the lie
Control, alt, delete
Just like the sun when it's ready to rise
You can't stop the fire!

Uh, you can't stop the plot
I'm flipping the Word on the block, it's hot
I had to scrape the pot
Clean out the dirt and watch the spot
Now I be feeding the flock
I never stop, they need the drops
I get on my knees and pray
I'm talking to Pops, He frees the opps

Remember I used to be geeked (Yeah)
I wasn't feeling complete (Yeah)
Now I just throw up a prayer (Yeah)
That's what be giving me peace
I had to cut off the hate and the lie
Control, alt, delete
Just like the sun when it's ready to rise

You can't stop the heat

It's that Florida heat (Uh)
It's that Florida heat (Uh)
Know You see my steps (Uh)
You gon' order me (Uh)
It's that Florida heat (Uh)
It's that Florida heat (Uh)
You gon' see my steps
Make sure you hear this one it's serious!

Remember I used to be geeked (Yeah)
I wasn't feeling complete (Yeah)
Now I just throw up a prayer (Yeah)
That's what be giving me peace
I had to cut off the hate and the lie
Control, alt, delete
Just like the sun when it's ready to rise
You can't stop the heat
