

# God In It

Caleb Gordon

In excelsis Deo  
Ayy, 2000, E-S-T  
Yeah, O-C-O-E-E  
Ha, happy holidays  
Yeah, uh-huhn

Yeah, I don't wanna live this life if there ain't no God in it  
(I don't wanna live that life)  
Yeah, I don't wanna fly that plane if it's not You guiding it (  
I don't wanna fly that plane)  
Can't believe You seen a better me when I didn't  
(When I didn't)  
Can't believe You seen a better me when I didn't

New year, new days, new plays, new friends, new ways  
You hear, new girl of my dreams, I pray she pray  
Right there, that's where she stay, not too far away  
Lord knows, I couldn't do long-distance  
Long way from the baseball pitcher  
Old town boy, come and take a visit  
Born and raised, everybody look different  
In the pot, we got every flavor in it  
E'erybody know e'erybody in a small town  
E'erybody try to talk down, but I got e'erybody talkin' 'bout m  
y city  
O-C-O-E-E, say it's correct or don't see, see me  
I play for the Son like I'm CP3  
Back then I was runnin' the streets, streets, streets  
I had to back up just like beep, beep, beep  
Uh, yeah, beep beep beep  
So let all the angels sing, glory, glory to the King  
It's Christmas time, don't need the presents  
I need Your presence with me  
All my life, I was searchin' for a missin' piece  
Glory to the One born in a manger, Jesus  
He's the reason for the season

I-I-I don't wanna live this life if there ain't no God in it (Y  
eah)  
Yeah, I don't wanna fly that plane if it's not You guiding it (  
Not You guiding it)  
Can't believe You seen a better me when I didn't  
(I didn't)  
Can't believe You seen a better me when I didn't (Woah)  
I don't wanna live this life if there ain't no God in it (I don  
't wanna live that life)  
I don't wanna fly that plane if it's not You guiding it (I don'  
t wanna fly that plane)

Can't believe You seen a better me when I didn't  
Can't believe You seen a better me when I didn't
