

# God Time

Caleb Gordon

Aye, 2000 EST  
I'm on God time, what you on, huh?  
I'm on God time, what you on, huh?  
I'm on God time, what you on, huh?  
What you on, huh?  
I'm on God time, what you on, huh?  
What you on, huh?  
I'm on God time, what you on, huh?

God time, we don't never waste  
We don't never race, let 'em keep the pace, uh  
Let it come to me I don't never chase, yeah  
Let it come to me I don't never chase  
They say I need a Bentley Coupe by twenty-five  
Said I need to be a millionaire by twenty-five  
But that ain't what I heard when I talked to Yah  
Nah, that ain't what I heard when I talked to Yah  
I'm on God's time  
I'm on God's time  
I'm on God's time  
I'm on God's time

I don't got time for your expectations  
I can't keep up with Kardashians, I need Galatians  
I don't need the past, just my motivation  
I just need to basque in Your holy fragrance  
Take me out the matrix, lead me to the banquet  
I was in the basement  
I was impatient, 'till I hit the pavement  
No more speed racin'  
No more speed racin'

God time, we don't never waste  
We don't never race, let 'em keep the pace, uh  
Let it come to me I don't never chase, yeah  
Let it come to me I don't never chase  
They say I need a Bentley Coupe by twenty-five  
Said I need to be a millionaire by twenty-five  
But that ain't what I heard when I talked to Yah  
Nah, that ain't what I heard when I talked to Yah  
I'm on God's time  
I'm on God's time  
I'm on God's time  
I'm on God's time

They say I need a Bentley Coupe by twenty-five  
Said I need to be a millionaire by twenty-five  
But that ain't what I heard when I talked to Yah  
Nah, that ain't what I heard when I talked to Yah  
I'm on God's time  
I'm on God's time  
I'm on God's time  
I'm on God's time
