

## Good, Pt. 2

Caleb Gordon

Yeah

Holy Spirit, I'm fiendin' for love  
Good where I'm at, but I ain't had enough  
I need you I fiend, like drugs  
You my heart, come fill my cup  
'Cause I need touches, I need love  
If You with me I know I'm up  
If You with me I know I'm up  
If You with me I know I'm up  
And it's stuck, for real  
God done gave me way too much, for real  
The enemy right by my backside, tryna get me to backslide  
But I ain't going back  
You can tell 'em I'm good where I'm at  
Everytime that they try to attack  
I'm with God, so you know where I'm at

I'm with God that's why I'm good where I'm at, though (We good)  
That's where I'm at, though  
I'm good where I'm at, though (Let's ride)  
That's where I'm at, though (Come on!)  
I'm good where I'm at, though (That's right)  
That's where I'm at, though (That's right)  
I'm good where I'm at, though (Yeah)  
That's where I'm at, though  
I'm good (That's right), good (That's right), good (That's right, we're good),  
though  
I'm good where I'm at, though (Yeah, Come on!)  
Good (Let's go, let's ride), good (Let's go, let's go), good (Let's ride, we  
're good), though  
I'm good where I'm at (Come on!)

Estamo' Gucci, alto sin la tusi  
Llenos de palabras con la espada darle a lucy  
Asi estamos bien aca, asi estamos bien aca (Ayy, ayy)  
Cien y cien en la vision, veinte, veinte fue el pasao  
El kingdom pa la vision  
Mi identity no ha cambia'o  
Todavia estamos bien, dios nunca me he falla'o  
Por eso no me he dobla'o (Yeah, Yeah)  
Mmm, estamos bien con to' lo' mio'  
Mmm, todo estamo' bendeci'o  
Mmm, estamos bien  
Estamos bien, bien

That's where I'm at, though (That's right)  
I'm good where I'm at, though  
That's where I'm at, though  
I'm good where I'm at, though (That's right, that's right)  
That's where I'm at, though (That's right, that's right)  
I'm good where I'm at, though (That's right, that's right)  
That's where I'm at, though (That's right, Come on!)  
I'm good, good, good, though

I'm good where I'm at, though (Come on!)  
Good (You know we did it), good (You know we good), good, though  
I'm good where I'm at, though

I don't need more than I got right now  
Just wanna know who You are right now, right now (Ayy, 2000, E-S-T), right now, right now  
We on perfect timing, life is in alignment  
Seek and you gon' find it, never stop refinin'  
What is my assignment? I feel like it's loadin'  
In your perfect timin', know we gon be floatin'  
Don't need blessings to fall right now  
Just need your presence, all around  
Right now, right now, right now

That's why I'm good where I'm at, though  
That's where I'm at, though  
I'm good where I'm at, though  
That's where I'm at, though (Come on!)  
I'm good where I'm at, though  
That's where I'm at, though  
I'm good where I'm at, though  
That's where I'm at, though (Come on!)

Good (Let's go, let's ride), good (Let's go, let's go, that's right), good (Let's ride, we're good), though  
I'm good where I'm at, though (Come on!)

Stay by your side, 'til the day that I die  
When we meet in the sky, we'll be vibin'  
Oh, I'ma stay by your side, 'til the day that I die  
Ain't no lie, when we meet, we'll be vibin'
