Caleb Gordon

2000, E-S-T  
What's that?  
Ayy, O-C-O-E-E  
Yeah, yeah, yeah, ayy

Look how I hop in the flows  
Look at the way that I'm folding and bending 'em  
Don't even care if they know  
Long as they knowing the one who be sending 'em  
Look how I hop on the road  
I'm in my city like He was in Nineva  
180, look how He spinning 'em  
180, look how He spinning 'em  
They like, "Look at the way that He lifting 'em"  
"Hold on, look at the flavor He giving 'em"  
Hold on, watch how I manage the minimum  
Hold on, watch how he flip what He giving 'em  
Hold on, who is that trying to belittle? Put that on my all-white tee  
I cannot call you a sinner 'cause really, you just like me (Yeah)

Just like me, ah, yeah (Yeah, yeah)  
Just like me, ah, yeah (Yeah, yeah)  
Just like me, ah, ayy (Yeah, yeah)  
Just like me (Just like me)  
Just like me, ah, yeah (Just like, yeah, yeah, yeah)  
Just like me (Just like, yeah)

Just like, uh

Just like (Just like me)

Just like me, uh  
Used to live life on E, uh, ayy (Life on E)  
Just like me, uh  
Til' I went found my keys, uh (Found them keys)  
Just like me, uh  
I used to move with the breeze (Move with that)  
Now, I just bob and weave  
'Cause I get my moves from the king (Get the moves from the, uh)  
All of my moods would swing  
I was just loosing people, things (Ha, ha)  
Now, I spread news and sing  
I know how much peace that steeple bring (Bring)  
So many times, I cling  
I run to it, just 'cause the phone would ring (Run to that)  
Knowing the pain it brings  
That's what it's like when you chained to things (Uh-huh)  
My soul had chains and links  
My heart was just cold as skating rinks (Ice)  
One day, you alive, then blink  
You wake up and realize, your life extinct (Uh-huh)  
I look at the sky and think  
What if nobody had told me the truth?  
That's why I'm here telling you  
Could call you a sinner but really, you just like (Yeah)

Just like me (Yeah, yeah)

Just like me (Ah, ah)  
Just like, uh, yeah (Yeah, yeah)  
Just like me, uh, yeah (Yeah)  
Just like me, uh, yeah (Yeah, yeah)  
Just like me (Yeah)  
Just like, uh, yeah (Yeah, yeah)  
Just like me, uh (Yeah)  
Just like me (Yeah, yeah)  
Just like me, yeah (Yeah)  
Yeah, just like (Yeah, yeah)  
Just like me, uh (Yeah)  
Just like me (Just like)  
Just like me (Just like me)  
Just like, uh (Just like, yeah)  
Just like me (You are just like me)
