

# Lead Me

Caleb Gordon

I'm tryna right my wrongs while I write these songs  
Only been here for a moment, but won't be too long  
Before we three, two, one, uh, takin' off  
Here for a long time, this ride, you can't get off  
Anything that's not You, Lord, break it off  
I know I say it all the time, I can't say it enough  
You told me lead the city, I feel like I'm Abraham  
Not physically, digitally I be everywhere

I be everywhere  
It don't matter, TikTok or the Instagram  
It don't matter where yo' people at, just send me there  
We tryna reach a generation through the eyes and ears  
This a lot for only me, that's why He sent me peers  
He said to go possess the land, He told me, "Never fear"  
I know it's giants, but they smaller than what they appear (Oh)  
When I don't feel like tryin', Lord, please make it clear

Help me trust Your way  
Even if it's not what I think (Yeah, it's not)  
It should be  
Lord, please lead me (Lead me)  
Help me trust Your way  
Even if it's not what I think (It's not, yeah)  
It should be  
Lord, please lead me  
Even if I fall, I'm gonna choose Your way  
If I don't fail, I'm gonna choose Your way  
If I fall, I'm gonna choose Your way (Your way)  
If I don't fail, I'm gonna choose Your way

You told me make a left, I went and made a right (Skrtrt)  
You told me watch my step, I tried to run on ice  
I started speedin' up, I tried to run the light (The light, the light)  
All I needed was a look inside the Book of Life (Woah, woah)  
All I need is love and not the one you get at night (Woah)  
That's from the world, they only love you when you doin' right (Woah, woah)  
Then when you doin' wrong, they cut you off and kill the lights  
When you doin' wrong, they cut you off and kill the light

But still I, I be everywhere (Yeah)  
It don't matter, TikTok or the Instagram  
It don't matter where yo' people at, just send me there  
We tryna reach a generation through the eyes and ears  
This a lot for only me, that why He sent me peers  
He said to go possess the land, He told me, "Never fear"  
I know it's giants, but they smaller than what they appear  
When I don't feel like tryin', Lord, please make it clear

Help me trust Your way  
Even if it's not what I think  
It should be  
Lord, please lead me  
Help me trust Your way  
Even if it's not what I think  
It should be  
Lord, please lead me

Even if I fall, I'm gonna choose Your way  
If I don't fail, I'm gonna choose Your way  
If I fall, I'm gonna choose Your way  
If I don't fail, I'm gonna choose Your way

Lord, I choose Your way  
Lord, I choose Your way  
Lord, I choose (Lord, I choose)

Help me trust Your way  
Even if it's not what I think  
It should be  
Lord, please lead me  
Help me trust Your way  
Even if it's not what I think  
It should be  
Lord, please lead me
