

# Let The World Know

Caleb Gordon

No, this wasn't overnight, don't let 'em lie in your ear  
Now we takin' flights without signin' a deal  
In my room, it was dark, but I turned on the light, now, it's clear

I turned on the light, now it's clear  
Watch how the dark disappear, my heart turned gold  
They told me, "Pressure make diamonds", I can't fold  
No more hidin' in silence, time to let the whole world know  
Jesus, the only way to go  
And I will never switch, fumble, or fold  
Enemy say he wanna ru-rumble, let's go  
I been watchin' what I let in my soul  
I can't go back to what I used to be

Family and my friends, they got used to me  
Now I'm rockin' with the King, I can't lose my peace  
Can I pray with you before you leave?  
'Cause I don't know the next time I'ma see your face  
Tommorow's not promised  
But we can't lose hope, it's gon' be okay  
Show love to you while you here  
No I can't judge you, 'cause we all need grace  
We all need grace, we all need grace  
We all need grace, we all need grace  
Lord, I live to seek Your face, help me keep my pace  
The rhythm's why my heart beats  
I hop on beats and sing melodies of Your praise  
Songs like David, You healed me when my heart was achin'  
Even when I said I didn't need it, You took all the puzzle pieces  
And made me whole once again

No, this wasn't overnight, don't let 'em lie in your ear  
Now we takin' flights without signin' a deal  
In my room, it was dark, but I turned on the light, now, it's clear  
I turned on the light, now it's clear
