

## Light House

Caleb Gordon

What the world's gotten to  
For people like me and people like you  
Wish I could just wake up and it not be true  
But it is, oh, it is  
Livin' in the new world

Aye, I ain't politicking with nobody  
Livin' for the kingdom ain't a hobby  
And I know the system moving sloppy  
I ain't worried, know the King got me  
We need more Christ in the White House  
Turn the White House to the light house  
You went took the darkness out of my house  
Then You hit my sin with the Wite-Out  
Closed in, I was piped down  
Then you piped me up  
No, I don't need a lighter to light me up  
Cause you went and hit my soul the Midas Touch  
I stood up to the plate like it's batters up  
The world told me get cake, get my batter up  
I don't care what they say, cause when I'm with the King know h  
e give me the drive like an Acura  
Why you acting tough if it ain't accurate?  
Enemy try to stick my like acupunct-  
With the fruits of the Spirit I pack a punch  
Got Lil Mac with us  
No, you ain't trapping us  
On the way to the top wasn't Minute Maid  
But my God got the juice, got the lemonade  
I ain't worried what they tryna legislate  
I just trust the King gon' give me better days

What the world's gotten to  
For people like me and people like you  
Wish I could just wake up and it not be true  
But it is, oh, it is  
Livin' in the new world  
Livin' in the new world  
Livin' in the n-  
What the world's gotten to  
For people like me and people like you  
Wish I could just wake up and it not be true  
But it is, oh, it is  
Livin' in the n-
