

# Lil Bo Peep

Caleb Gordon

Aye, 2000 EST

It be like peace  
You ain't with the light, then peace  
Speakin' that life for weeks, huh  
And this just the beginnin'  
They won't understand till they see me winnin'  
Meet me at the finish line, catch me grinnin'  
Eatin' beats, dinner time, it's delicious, mmm  
Bon appetit, we feedin' the sheep, Lil Bo Peep

Aye, home, where I'm supposed to be  
No, there ain't no clonin' me, uh  
Crazy how most people hittin' my phone  
Ain't really close to me  
Uh, uh, uh, uh  
I'm watchin' the throne, ain't talkin' no Yeezy  
They throwin' stones, I guess it's my season, uh  
Heart Frozone, it was really freezin'  
Snow cone  
I was movin' Han Solo  
2018 was so low  
I just needed time to grow, grow  
I had to restore my mind, aye  
Now my soul glow  
No, I ain't talkin' 'bout sneakers  
I hit up Yahweh and He helped me get out the creases

It be like peace  
You ain't with the light, then peace  
Speakin' that life for weeks, huh  
And this just the beginnin'  
They won't understand till they see me winnin'  
Meet me at the finish line, catch me grinnin'  
Eatin' beats, dinner time, it's delicious, mmm  
Bon appetit, we feedin' the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feedin' the sheep, Lil Bo Peep  
What you doin'? Aye  
We feedin' the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feedin' the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feedin' the sheep

Free, no chains holdin' me  
Be who I'm supposed to be  
King, nobody over G, O, D  
It ain't even close to me  
Lately, I watch what I hear, I watch what I see  
Spirit on a diet, you are what you eat  
You can lie to yo'self, but I can't lie to me  
Know where I can't go and I know when to leave  
I know where I'm strong and I know where I'm weak  
Need God everyday and not just once a week  
He died and then raised on day three  
My childish ways been wiped clean

Mean what I say, gotta say what I mean  
I'm sayin' no to a whole lot of things  
What you allow gon' keep happening  
I'm plantin' the seeds and pullin' the weeds  
Gotta stay rooted, it's easy to leave  
When the proof isn't seen  
What that usually mean?  
It take time to see fruit, I keep doin' my thing

It be like peace  
You ain't with the light, then peace  
Speakin' that life for weeks, huh  
And this just the beginnin'  
They won't understand till they see me winnin'  
Meet me at the finish line, catch me grinnin'  
Eatin' beats, dinner time, it's delicious, mmm  
Bon appetit, we feedin' the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feedin' the sheep, Lil Bo Peep  
What you doin'? Aye  
We feedin' the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feed the sheep, Lil Bo Peep  
Uh, yeah, aye  
We feed the sheep, Lil Bo Peep
