

# Macarena

Caleb Gordon

Yeah, yeah, yeah

Ayy, Your words hold me, no container  
Follow You, no brainer  
Scripture make me macarena  
Whenever I'm lonely or I'm in danger  
Give me peace, never changin'  
Took my life and rearranged it  
Uh, You gave me the keys like Mozart  
My heart was torn apart  
Took my scars and made art  
I was movin' like an animal, no Noah's ark  
Flood the city with the message  
Yeah, we out here changin' hearts

Yeah, we out here changin' minds  
Speed it up, double time  
Holy Spirit on the line  
When you hear it, please don't hit decline  
No matter how hard I climb  
I know that You on my side  
Nationwide, say you love God but is you makin' time?  
My spirit edified  
Daily, I be on my grind  
If I ain't up in the Word then I might be testifyin'  
Or may be I'm just praisin' God  
For everything He went and done  
I'm already in the league, I don't need no one and done  
I'm already on the team, see me walkin' with the Son  
No, I ain't talkin' Phineas  
I'm talkin' 'bout the only Son  
Demons know they better run  
When they hear that script' flip  
Watch this [\*page flip\*]  
Enemy, he sick, sick

Ayy, Your words hold me, no container  
Follow You, no brainer  
Scripture make me macarena  
Whenever I'm lonely or I'm in danger  
Give me peace, never changin'  
Took my life and rearranged it  
Uh, You gave me the keys like Mozart  
My heart was torn apart  
Took my scars and made art  
I was movin' like an animal, no Noah's ark  
Flood the city with the message  
Yeah, we out here changin' hearts

Yeah, I'm feelin' like Napoleon, no Bonaparte  
Fightin' in the spirit, in the flesh, we never doin' harm  
Bible just like the Smithsonian at nighttime  
In the script', it come alive  
Is it real? You decide  
From Isreal to right outside  
I know that You gon' provide  
Even when my thoughts decline

Your words give me faith to fly  
So many years, I thought I wasted time  
Soon as I switched gears  
You put me right there where I thought I died  
Huhn, something like a respawn  
They tryna be what we on, we tryna be what He on  
Your mind could be an ocean, it could be a pond  
Dependin' on the way you think  
Make sure your thinkin' cap on

Ayy, Your words hold me, no container  
Follow You, no brainer  
Scripture make me macarena  
Whenever I'm lonely or I'm in danger  
Give me peace, never changin'  
Took my life and rearranged it  
Uh, You gave me the keys like Mozart  
My heart was torn apart  
Took my scars and made art  
I was movin' like an animal, no Noah's ark  
Flood the city with the message  
Yeah, we out here changin' hearts
