

Mmmmm

Caleb Gordon

Yeah, O-C-O-E-E (They be like, "Where that at? ")
Ayy, 2000 EST (You gon' find out soon, like, yeah)
O-C-O-E-E (Whoa, whoa)
Wow eli, can you be a little more serious?
How that feel? (Ayy)

It go like mmm
How that feel?
Mine was a lot, but He paid that bill
No buffalo, I got the wings for real (I got the wings for real)
Watch how I bust out the chain for real (Boom, boom)
Watch how I bust out the slang for real
Watch how I bust at the devil (Brrrt, boom)
So he know we ain't playin' for real (Brrrt)
That be like mmm
How you know?
Just look at my life, He changed my soul (Changed my soul)
I cut out the snakes, GI Joe (Cut, cut)
He told me don't wait, G-O, go
This for my bros from the F-L-O
The enemy try to get you on the ropes
Just look to the King, be dealin' the hope (Brrrt)

He washed me so clean in the heavenly soap
Every day, I wake up and I read what He wrote
Jesus the King, no unanimous vote
I was drownin' till He told me, "Hop in the boat"
Now, we spreadin' the message from coast to coast
Stay right where I'm at like I'm holdin' my post
I ain't talkin' 'bout Casper when I say the ghost
This a whole 'nother chapter, I'm turnin' it, go (Brrrt)
See, the past is the past, I been lettin' it go
In the mirror, a better me, not as good as I'll ever be
'Cause I know that there's more to me
So I'm pourin' out everything
Feel like Polo, I'ma empty the cup like I spit on the floor
Just stay planted or you'll never grow
Used to get high all the time to get rid of the low
Now, I'm higher than ever before and I don't need the dope

Hop on a beat and I root beer float
It's straight off the top, I ain't takin' no notes
I'm solid for real, they think it's a hoax
They say you never chill, you always at home
If it's not in His will, you know it's a no
No, I don't wanna go
When I'm fallin', throw me a rope
The Spirit keep callin' on me

Got me like, "Mmm"
How that feel? (Yeah, yeah)
Mine was a lot, but He paid that bill (Ayy)
No buffalo, I got the wings for real (I got the wings for real)
Watch how I bust out the chain for real (Yeah)
Watch how I bust out the slang for real (Grr, boom)
Watch how I bust at the devil (Brrrt, boom)
So he know we ain't playin' for real (Brrrt)

That be like mmm
How you know? (Yeah, yeah)
Just look at my life, He changed my soul (Changed my soul)
I cut out the snakes, GI Joe (Cut, cut)
He told me don't wait, G-O, go
This for my bros from the F-L-O
The enemy try to get you on the ropes (Uh, uh)
Just look to the King, be dealin' the hope
