

Pop Out Clean

Caleb Gordon

Yeah (Woah, woah, woah)
Ayy, 2000
O-C-O-E-E
Yeah, hold on, hold on
(Yeah, yeah)

Pop out clean, what do you mean?
Faith, you gotta be sure of a thing
Believe, oh, even 'fore you see
Know we go where the Lord leads (Oh-woah)
We go where the Lord goes
Seek, you'll find, for sure
Seek, you'll find, for sure
I cosign my goals
I climb high, no rope
This reality, this no Sci-Fi show
Oh, I fight for those
Who live life with no direction
I once was you
'Til the Lord came through, my exit
I walked right through
Life tried to hold me to the past
I never felt love before
'Til I found love that could last (Oh, ooh)
'Til I found love that could last (Oh, ooh)
'Til I found love that could

I never seen
Feel like I'm living my life in a dream
Everyone used to look down on my town
Now, at my show, they come spell it with me
I put that West Orlando on a tee
Rock in the boat, I call that RnB
Know what I mean?
I put my songs on the leg of my jeans
If you know what I'm on then come rock with the King
How you say you love God but don't love other people?
Know the church ain't a building, it's more than a steeple
Gotta love 'em, don't judge 'em, you push 'em away
Not my business, just hop on the beat and I skate
I know that You'll never lead me astray
In the Word, it's a wonderworld, feel like 2K
And the water is living, no Bobby Boucher
I hope you having a wonderful day

Oh, I need it like oxygen
Had to stop letting the toxins in
I was so lost, I was gone in the wind
How You forgive me for all that I did?
I was so lost in sin
How You forgive me for all that I did?
I was so lost in sin
'Til Your love brought me back in
