

**Shhhh....**

**Caleb Gordon**

Yeah, yeah, yeah, yeah, yeah  
Ayy, 2000, E-S-T  
That's that O-C-O-E-E  
Yeah

I feel the temperature risin', I see it on the horizon  
Enemy bringin' the lies in, tryna play me like a violin  
Luci, better watch your tone, 'fore I go get in the Script, it get violent  
Prayers go up from my home, Lord, I know You speak through silence

Shh, gotta keep that hushed, tryna hear Your voice  
Shh, I'ma go Your way, I done made my choice  
I remember back then, I was runnin' away, it was You I was tryna avoid  
This life ain't no toy, in that pond just like a koi fish  
Paid me with eternity, I feel like I was born rich

Joy, peace, I couldn't resist, less of me, You got me convinced  
Brand new life, I'm makin' a flip just like gymnastics  
Read Your Word, stretch my soul, Mister Fantastic  
Wow, look at me now, livin' and walk like a child of God  
I had to throw in the towel, I was so tired of fightin' the boss  
You went and iced the cross way before my diamonds  
Stopped livin' for the weekend, now my spirit timeless

Shh, gotta keep that hushed, tryna hear Your voice  
Shh, I'ma go Your way, I done made my choice  
I remember back then, I was runnin' away, it was You I was tryna avoid  
This life ain't no toy, in that pond just like a koi fish  
Paid me with eternity, I feel like I was born rich

Love, patience, couldn't resist, I was so anxious, livin' in stress  
Drownin' in water, You gave me a vest, You got me floatin'  
Told me to chill, I'm takin' a breath when I'm emotional  
Huh, can't do this on E, ha  
Fill my tank up with Your love, more than a quarter P  
Back then I was outside at night, these days I'ma catch my Z's  
'Cause I gotta wake up early to hear what God got planned for me

Shh, gotta keep that hushed, tryna hear Your voice  
Shh, I'ma go Your way, I done made my choice, ha  
Shh, gotta keep that hushed, tryna hear Your voice  
Shh, I'ma go Your way, I done made my choice, ha  
Paid me with eternity, I feel like I was born rich  
Love, patience, couldn't resist, I was so anxious, livin' in stress  
Get that hurt up off my chest, ha, I'm liftin' the weight  
Burdens think they got me pressed, ha, not today
