Caleb Gordon

Caleb is the what Eden sounds like?

I'm not where I was, but I'm not where I'm 'pos to be
The higher I go, less people get close to me
I turn to a ghost, cause G.O.D. molded me
I turn off my mind, and I let my soul speak

If you not on the road, how could I let you hit the road with me
Cause when it go down, is you gonna be where you 'pos to be
Right by my side, Everyone say they ride 'til the wheels fall off
Then errbody slide, Then errbody slide, Woah
Try so many times, I can't save you if you don't want me to
Tryna be the bigger man like that boy 3.2
This is getting' outta hand, I just don't understand, You

I can't keep holding your hand like we crossing the street
You gotta want it for you, like I want it for me
I am the same in the crib, I'm the same in the street
Don't be surprised when I see you and don't even speak
That's just me holding my peace

Do they want me or they just want a piece
They don't wanna cook, but they all wanna feast
It's more than just records the plan is to reach
The people who think that they here just to leave

It's bigger than you, it's bigger than me
No pressure, no I put that all on the king
No I'm not 'fraid to die, He living with me

That's forever don't ever forget it
You got this and I pray that you hear this
Know the story is already written
Only f-word I use if forgiveness
Let it go, ain't no point in me trippin'
Keep my mind on the goal and my mission
Every choice that I make's a decision

I'm moving in wisdom cause

I'm not where I was, but I'm not where I'm 'pos to be
The higher I go, less people get close to me
I turn to a ghost, cause G.O.D. molded me
I turn off my mind, and I let my soul speak

If you not on the road, how could I let you hit the road with me
Cause when it go down, is you gonna be where you 'pos to be
Right by my side, Everyone say they ride 'til the wheels fall off
Then errbody slide, Then errbody slide, Woah
Try so many times, I can't save you if you don't want me to
Tryna be the bigger man like that boy 3.2
This is getting' outta hand, I just don't understand, You

They like you always up, never sleepin'
I've been working from weekend to weekend
Never off, I don't have an offseason
Be so focused, forget about eatin'

This what I believe in, I come home so late
The door locked, I wake up in the car
I get to it right now, I can't wait 'til tomorrow
No the don't see a reason for going this hard
If your mind never change you gon' stay where you are

Can't waste none of my time, only here for a moment
Know this life is a game, I'm my only opponent
G.O.D. helping me fix the pieces that's broken
Back then I was hopeless 'til my eyes were open

Now I'm quick to catch what the enemy throwin'
Can't sit when I fall, know I gotta keep goin'
What's the point of potential if you never show it
That's why I go hard, I can't go through the motions

I'm not where I was, but I'm not where I'm 'pos to be
The higher I go, less people get close to me
I turn to a ghost, cause G.O.D. molded me
I turn off my mind, and I let my soul speak
