

Spin, spin, spin, spin  
No, I can't let them knock me off my pivot  
This a Nissan, not a Honda Civic  
Walkin' with Christ but I'm not religious  
No, I don't gotta work for your forgiveness  
We off of the hinges  
Can't you see that we standing on business (You know the rock we gon' stand on)  
Spin, spin, spin, spin (Watch how I turn away from all of the sin)

Brand new logic, brand new topic  
Mama said I should've took the scholarship to college  
Could've did that but I just wasn't rockin'  
Wasn't my path took a ball like Stockton  
Can't look back, look at all that I've accomplished  
Zones poppin', Shows poppin'  
Thanking the lord I got bread in my pocket  
Thanking the lord he the reason I got here  
Member back then I was chasing the money but it wasn't really filling my soul  
I was just tryna go chase the bag, and I was runnin' from the problems at home  
Chasin' clout but was losin' my people  
We was going back and forth on the phone  
I was so stressed I had to call St. Teva  
So the drama would just leave me alone  
Now when I'm stressed I take it to the throne  
You can't hold all this wait up on your own (Shoulders)  
Stand on a rock that's a big body boulder  
This, this how it look when you five years sober  
This how it look when you five years free  
I'm different but still keep the five with me  
The Bible with me and it's loaded  
Ready to shoot at the lie that you tryna speak

But you never fly if you don't plan on it

Mr Beast put the sand on it  
Life a movie put the cam on it
