Yeah, yeah

Agee

Came from the section where the rent low
Mind was in a Pinto, my slice of the pie was more Kimbo
Fightin' for my life with my kinfolk, lookin' out the window
If God got a blessin', tell Him send more
Big dog steppin' all around
We don't ever call the law on this side of town
This a circus, it's a act, he a clown
He was walkin' on water, I ain't never 'bout to drown
Really, we ain't come to play around
When you see a demon better put him in the ground
Yeah, straight to it, make room for Jesus
Day two, day three, that was great news
Made new, in His image how He made you
He ain't through, He ain't done, 'bout to blaze through
Walk, walk, walk with Him
Can't make a plan unless I talk with Him
They don't fight fair, we won't go, I'll get 'em
Got the light, don't bring the dark with Him (Mission)

I was lookin' for the answer
Cross over here, the demon turned into a dancer
Lies try to spread in my mind like cancer
I can't let the hate bubble up like Fanta
I ain't sippin' soda, I know God got the juice
World gettin' colder so I found where the truth
You can see the Holy Spirit fire in the booth
I just need a Amen, put the choir in a coupe
I mean I think I found what I was lookin' for
Ayy, I've been countin' up grace
Blessings fallin' down, I don't got enough space
Hm, I've been countin' up faith
Lookin' at a mountain like, get out of my face
Ayy, I think I found what I was lookin' for
