

O-C-O-E-E
Aye, 2000 EST

I was devastated, devastated
Now I'm grinding like I never made it, that's an understatement
Now my spirit I'm an undertaker, bring it back to life
As long as I'm with you, know I'm gonna be alright
Show me how to move, I get to dancing, get to jigging in the booth
Don't got a chance, they can't switch up what we do
When I need answers I'm coming straight to you
Holy Spirit in the room
I was breaking all the rules
Whatever road, you can take it if you choose
As long as I roll with the king, we never lose
I got it on me
With me he see the truth, he see the truth yeah, yeah
What it do

Hit up my dog and he bless me with the loot
I hang with animals straight from the zoo
Now it's my plan to take it straight to the moon
With or without you
Jumped in the deep end, I thought I would drown
So many thoughts, I was lost but I found you
So many lies in this world but I found you
I found you (I found you)
I found your love

I was devastated, devastated
Now I'm grinding like I never made it, that's an understatement
Now my spirit I'm an undertaker, bring it back to life
As long as I'm with you, know I'm gonna be alright
Show me how to move, I get to dancing, get to jigging in the booth
Don't got a chance, they can't switch up what we do
When I need answers I'm coming straight to you
Holy spirit in the room
I was breaking all the rules
Whatever road, you can take it if you choose
As long as I roll with the king, we never lose
I got it on me
With me he see the truth, he see the truth yeah, yeah

What it do, what it do, what it do, yeah
What it do, what it do, yeah
Tell me what it do
What it do, what it do, yeah
What it do, what it do, yeah
What it do, what it do, what it do, what it do
