

# We Live

Caleb Gordon

Will there ever come a time  
When there'll be justice for all mankind?  
Will the world last long enough to see  
People living in peace and harmony?  
Yeah, ayy  
Ayy, it's 2000, E-S-T  
Yeah, O-  
O-C-O-E-E  
Yeah, yeah, uh-huh  
Yeah, yeah, yeah, yeah, ayy

We too lit, we live  
407, 305  
Too hot to walk outside  
Soon as I step, I spit that fire  
Burn your wings, you fly too high  
Better go find your balance  
Ain't got no taste for sin no more  
Had to clean my pallet

Dunk this beat, no Alec  
Shout-out DJ Khaled  
This turbulence got me screaming, "God did!"  
When I land in Cali  
This life full of peaks and balance  
That's why I gotta eat my salad  
If you got beef with me, lil' bro  
Take it on with my Daddy

He gon' handle all my smoke  
How you gon' let that go  
Ain't got no time for that no more  
Got to see what he wrote  
They be like, "You that G.O.A.T"  
But I can't play that role  
'Cause the only G.O.A.T I know is the One who saved my soul

We too lit, we live  
407, 305  
Too hot to walk outside  
Soon as I step, I spit that fire  
Burn your wings, you fly too high  
Better go find your balance  
Ain't got no tastes for sin no more  
Had to clean my pallet

Dunk this beat, no Alec  
Shout-out DJ Khaled  
This turbulence got me screaming, "God did!"  
When I land in Cali  
This life full of peaks and balance  
That's why I gotta eat my salad  
If you got beef with me, lil' bro  
Take it on with my Daddy

Watch me try to play God  
Know how that's gon' end

You want to burn your bridges  
Then you wonder why you ain't got no friends  
She light through my lens  
Come and take a pic  
I ain't from this world, feelin' like Morty and Rick  
Had to go read in John, light His world, no Wick  
Know what time I'm on, even if the clock don't tick  
Tick-tick boom, Spirit all in this room  
God done took my past and swiped it with a broom

We too lit, we live  
407, 305  
Too hot to walk outside  
Soon as I step, I spit that fire  
Burn your wings, you fly too high  
Better go find your balance  
Ain't got no taste for sin no more  
Had to clean my pallet
