

# West Orlando Flow

Caleb Gordon

Ay, this that West Orlando Flow  
Ay, this that West Orlando Flow  
You don't know the sound  
You ain't been to the O  
I'ma take you to the O

West Orlando Flow  
Yeah, I'm on the beat  
High school I rode the bus, but now I'm riding GMC  
I ain't pay for it, but I prayed and Pops gave me the key  
Nah, I ain't ridin' in a foreign, but I get from A to B  
If you could wait, then your blessing comin'  
Just be patient, G  
It takes time when you plant a seed to grow into a tree  
Ay, 2019 couldn't even make a beat  
Now it's 2020, and I'm dropping hits every week  
If you can't play it with the windows down  
Then it ain't come from me  
I'm in Eden, so I don't need you to keep me company  
They like how you feelin', I feel lovely, another day for me  
I'm from Florida where you saying glee  
And then you show your teeth  
I'm tryna tell em all about the peace  
So they don't keep the piece  
Nah homie, you don't need the Glizzy  
Let the Spirit speak  
Hold on, turn me up some more  
I don't think they hearing me  
If you ain't G-O-D  
Then you don't really put no fear in me

They be like Caleb, how you gon' believe what you can't even see?  
Well, I mean  
You can't see the air, but everyday you still gon' breathe  
Life ain't all about them onions and the cheddar cheese  
My heart was hollow like a Funyun, till he rescued me  
Okay, I don't do the ra-ra or the gossiping  
Ay, you my brother, you my sister  
I only got one enemy  
I'm laughing at you, haha  
I do my jig in victory  
I read the word  
It's like loading the clip  
And then I spit the heat  
How you ain't never read the script  
But still gon' diss it when you speak?  
Ain't nothing new, I guarantee  
I find a word for everything

Ay, West Orlando Flow  
Ay, yeah I'm on the beat, high school I rode the bus  
But now I'm riding GMC

It takes time when you plant a seed

To grow into a tree  
Ay, 2019 couldn't even make a beat  
Now it's 2020, and I'm dropping hits every week  
If you can't play it with the windows down  
Then it ain't come from me  
I'm in Eden, so I don't need you to keep me company

When we saying Yoda  
I ain't talking Camry or Corolla  
Ever since Corona, please don't hit my phone, you can't come over  
If you ain't rocking wit it, I just wipe the dirt off of my shoulder  
Foundation solid, you can catch me standing on a boulder  
I ain't lucky, I'm just really blessed, I don't need a clover  
In this life you go through harder tests, I'm playing till it's over  
I had to throw away the old me, 'cause I ain't like the odor  
By now you should know the flow and where I'm from  
Because I told you

West Orlando Flow  
Ay yeah, I'm on the beat  
High school I rode the bus, but now I'm riding GMC  
I ain't pay for it, but I prayed, and Pops gave me the key
