

Yahweh

Caleb Gordon

Yahweh
Only one I pray to
Only one I look to
Only one that sees me, yeah

Yahweh
Healer of my pain
Savior all my days
I don't deserve You, but I want more of Your presence

Oh-oh, never felt love like this before
Oh-oh, got me on the floor beggin' for more
More of Your presence
I want nothin' else
God, You're the essence
I only want You and nobody else

Got me singin', I would've never made it
I would've lost it all
But now I see You were there for me
Tell me if you need a Savior
You got problems, but He's greater
Waste no time
Pick up yourself, and put down your pride

Yahweh
Only one I pray to
Only one I look to
Only one that sees me, yeah

Yahweh
Healer of my pain
Savior all my days
I don't deserve You, but I want more of Your presence

I just want more of Your presence, oh, yeah
I just want more of Your presence, yeah
I just want more of Your presence, yeah
I just want more, I just want more, oh

He doesn't E-X-T
You are my source and my strength (You're my strength)
You take my pain away (all of my pain, yeah)
Everything I do is for Your name (for Your name)
Everything I do is for Your name

I talk to You before I talk to anybody else
You walked me through this world that I can't handle by myself
More of Your presence I wanted to know
Let Your word fill my mine, and heart, and soul

Yahweh
Only one I pray to
Only one I look to
Only one that sees me (only one that sees me)

Yahweh

Healer of my pain
Savior all my days
I don't deserve You, but I want more of Your presence

(I just want) I just want more of Your presence
(Yeah) oh yeah, I just want more of Your presence
(Jesus, Jesus) I just want more of Your presence
(Jesus, Jesus)
