

## Always Be 2.0

Caleb Hearn

You were there in times of need  
Helped me up when I was weak  
Showed me that it's okay to dream  
And there's a world that I need to see  
Pushed me farther when I would give up  
Pushed me harder when I would fall  
You were there in my weakest moments  
You told me that it's okay to crawl

But tell me now, how can I move on  
If you're not here to see me through?  
Tell me now, how do I do this?  
Heavy weight that I can't pull  
Tell me now, do I look stupid?  
Chasin' dreams that are far to reach  
Tell me now from your point of view  
That you're still here and you'll always be  
You'll always be  
Mmm...

And I know the hardest part is when you're not here  
And I'm overtaken by my fears alone  
I'm not okay

So tell me now, how can I move on  
If you're not here to see me through?  
Tell me now, how do I do this?  
Heavy weight that I can't pull  
Tell me now, do I look stupid?  
Chasin' dreams that are far to reach  
Tell me now from your point of view  
That you're still here and you'll always be  
You'll always be  
Mmm...
