

BITE THE BULLET

Caleb Hearn

I played it cool when you finally called me
Like I didn't wait all afternoon
Oscar award winning best at pretending
That I'm not a mess over you
If you only knew
If you only knew

I'll bite the bullet if you're holding the gun
I'll take the bruises if you're throwing the punch
Maybe it's stupid flying into the sun
Maybe I'm broken maybe it's love

I played it cool when I finally called you
Hope that I didn't say too much
Used all the words I rehearsed in the mirror
Cause usually I'd just spill my guts
If you only knew
If you only knew

I'll bite the bullet if you're holding the gun
I'll take the bruises if you're throwing the punch
Maybe it's stupid flying into the sun
Maybe I'm broken maybe it's love

I'll bite the bullet if you're holding the gun
I'll take the bruises if you're throwing the punch
Maybe it's stupid flying into the sun
Maybe I'm broken maybe it's love
