

## HOW IT GOES

Caleb Hearn

I couldn't wait to ride my bike  
One little bell and two big tires  
I fell and scraped my knee and cried

I took my first love to the dance  
I pulled her close and we held hands  
She dumped me in front of my friends

And my dad said, "Oh  
One day you'll know  
That's just how it goes."

I got my first job down at J's  
He told me I deserved a raise  
He let me go in 30 days

Great Grandma Gail was 83  
They said she's too far gone to treat  
I asked her why she had to leave

And she said, "Oh  
One day you'll know  
That's just how it goes."

I'll spend forever tryna make sense of the madness  
But it all just seems so cruel  
I'll spend forever tryna stop it all from happening  
When there's nothing I can do  
Oh

One day I'll buy my kid a bike  
One little fall, he'll start to cry  
Look up at me and ask me "Why?"

And I'll say, "Oh  
I don't know  
But that's just how it goes."
