

IS THERE A WORLD?

Caleb Hearn

Hey, I'm here
I'm staying at a hotel out in Bushwick
I know you haven't seen me in a minute
Mmm

I'm here alone
I don't know how you are or what you're doing
Or if you'd wanna see me going through it
'Cause I am

I know this isn't fair or right
But I'd regret it til I die
If I didn't say what's on my mind

Is there a world where I don't have to miss your love
And you're not out there trying to meet someone
'Cause I told you to do that
And it's something I can't take back?

Is there a world where I didn't leave that night
Let the credits roll over you and I?
I've been thinking 'bout it lately
And it's driving me crazy

Is there a world
And how do I get there?

Say something
You know that my mind can't take the silence
Wanna leave space for you, I'm trying
Mmm

Tell me that you understand
Or tell me that you hate my guts
I can stomach either one
But I still see a world for us

I know this isn't fair or right
But I'd regret it till I die
Well, I figured maybe I should try

Is there a world where I don't have to miss your love
And you're not out there trying to meet someone
'Cause I told you to do that
And it's something I can't take back?

Is there a world where I didn't leave that night
Let the credits roll over you and I?
I've been thinking 'bout it lately
And it's driving me crazy

Is there a world
And how do I get there?

How do I get, how do I get, how do I get there?
How do I get there?
How do I get, how do I get, how do I get there?

How do I get there?
How do I get, how do I get, how do I get there?
Tell me how, tell me how
How do I get, how do I get, how do I get there?
How do I get there?
How do I get, how do I get, how do I get there?
How do I get there?
How do I get, how do I get, how do I get there?
How do I get there?
How do I get, how do I get, how do I get there?

Is there a world where I don't have to miss your love
And you're not out there trying to find someone
'Cause I told you to do that
Is that something I can take back?

Is there a world where I didn't leave that night
Let the credits roll over you and I?
I've been thinking 'bout it lately
And it's driving me crazy

Is there a world
How do I get there?
