

## WHENEVER YOU'RE READY

Caleb Hearn

Whenever you're ready

Your door's been shut  
Plate's on the table, we miss you so much  
You force a smile  
Hopeless attempt to convince us you're fine

I wish you could see I'm here to pull you out  
I get that you can't right now

Whenever you're ready

I'll be the anchor that's holding you steady  
When you feel alone, I'll be there if you let me  
I'll fill the space in your heart when it's empty  
Whenever you're ready, let me know

It's good for a month

Waffles and grape juice, I'm talking too much  
When did you stop  
Loving yourself in the way you love us?

I wish you could see I'm here to pull you out  
I get that you can't right now

Whenever you're ready

I'll be the anchor that's holding you steady  
When you feel alone, I'll be there if you let me  
I'll fill the space in your heart when it's empty  
Whenever you're ready, let me know

When you feel alone, I'll be there  
When you're feeling low, I'll be there  
When you're missing home, I'll be there  
When you're losing hope, I'll be there

When you feel alone, I'll be there  
When you're feeling low, I'll be there  
When you're missing home, I'll be there  
When you're losing hope, I'll be there

When you feel alone, I'll be there  
When you're feeling low, I'll be there  
When you're missing home, I'll be there  
When you're losing hope, I'll be there
